

Thank you for your application to join the Embrace Relief Group FUNdraising Program. We look forward to working with your club or community group in making a difference in the world. We believe that with your hard work and efforts, lives will be changed and many others will be impacted.

By joining our Group FUNdrasing program, you are agreeing to commit to at least one project of your group's choice that you are passionate about. Once your group has selected a project, completed your timeline, preparation, and is ready to fundraise, Embrace Relief will set up a fundraising portal for your group on our website. You can then direct everyone there to contribute funds to your project.

Your Group FUNdraiser will be on our webpage for the six months, but **your group will be responsible for actively raising the funds** for your project. If you decide to visit the place you are fundraising for, **you must also raise the funds to cover transportation and lodging** - Embrace Relief will help with your accommodations via our partners. You may travel for all of the trips **except** cataracts surgery.

Your fundraising portal will be available on our website for **six months** (approximately 182 days). If you have not reached your fundraising goal once the 6 months are up and your portal has expired off of our webpage, an extension may be granted upon request. Otherwise, funds collected by Embrace Relief will be held for your project until your goal is reached. If you

do not reach the required amount in **1 year**, your funds will be distributed to a project similar to yours.

### **3 Ways to Deposit Funds Into Your Project:**

#### Deposit to Project

1. Go to your project on EmbraceRelief.org
2. Make deposit as “Offline”
3. Send the Transaction Complete receipt to [groupfundraising@embracerelief.org](mailto:groupfundraising@embracerelief.org)

#### Send a Check
