

EMBRACE RELIEF

"Embrace The World"

Embrace Relief's Introduction Report

EMBRACE RELIEF PROVIDES RELIEF

to individuals and
communities in
financial, emotional,
and physical support

Who is Embrace Relief?

Embrace Relief is a registered 501(c)(3) nonprofit organization that works collaboratively with volunteers to deliver humanitarian aid and disaster relief to communities most affected around the world, in nearly 60 countries. As our name implies, Embrace Relief provides relief to individuals and communities in financial, emotional, and physical support. Our foundation collects supplies and distributes them to families, individuals, as well as institutions. Our programs are all research-based to best achieve sustainable improvements in the lives of those in need. Through consistent research and constantly interacting with the communities we serve, our approach ensures that we deliver the most beneficial and necessary services. Our partnerships with local, governmental, and non-governmental organizations has proven to be one of the most beneficial catalysts for enhancing accountability. Each program and initiative pursued by Embrace Relief is unique, as they are dedicated to providing the most sustainable and beneficial services to every area pursued.

The Sustainable Development Goals (SDGs) proposed by the UN cover a variety of vital issues including No Poverty, Zero Hunger, Good Health and Well-Being, Quality Education, Gender Equality, and Clean Water. All of these aim towards sustained, long-term success and bettering of people's lives around the world. The Embrace Relief mission of research-based, sustainable solutions to achieve lasting improvements for individuals and communities aligns closely with the goals of the SDGs for lasting, sustainable implementations that improve the quality of people's lives.

Our Programs:

Our programs work to advance the SDGs in a variety of ways; each of our programs aligns with a different SDG, while many have areas of overlap. Our Hunger Relief program falls in line with SDG Goal two: Zero Hunger by distributing food to communities around the world. Our Education program focuses on providing education to underprivileged children, a key element of SDG four: Quality Education. Our Women's Empowerment program invests in women's continued education, which aligns with SDG Goal five: Gender Equality. Our Health program works to provide basic healthcare and cataract surgeries to those with no access, meeting the mission of SDG Goal three: Good Health and Well-Being. Our Clean Water program works to build wells in areas without access to clean drinking water, which follows along with SDG Goal six: Clean Water and Sanitation. Our Raise The Children program provides necessities, nourishment, and cleanliness to underprivileged children, meeting SDG Goal four: Quality Education.

Women's Empowerment

Refugee Relief

Hunger Relief

Disaster Relief

Raise the Children

Our Approach:

Our approach to these programs and achieving the SDGs is unique to us and unlike any other non-profit. Our approach focuses on combining donors, partners, and volunteers to ensure maximum efficiency and impact. Every campaign and partnership we are involved in is unique, but the virtue of helping those most in need around the world remains the same throughout. Embrace Relief is committed to implementing lasting, life-changing improvements to individuals and communities that touch their lives in a meaningful way.

In addition, our programs are also in line with addressing Maslow's Hierarchy of Needs. Applying this theory divides human needs into five main categories; physiological needs, safety, love & belonging, esteem, and self-actualization. Maslow's base theory of physiological needs institutes the principles that Embrace Relief vigorously pursues.

The concept that one need cannot be addressed until the one below it is resolved is profound when considering the SDGs. To achieve these "zero" goals, steps must be taken to build up individuals and address what they need to improve their overall well-being. Without the contributions of our partners, donors, and volunteers we would not be able to touch as many lives the way we are able to. Through our combined efforts we work to improve the lives of individuals in a sustainable way. Each program and initiative pursued by Embrace Relief is unique, as they are dedicated to providing the most sustainable and beneficial services to every area pursued.
