

RAMADAN

IMPACT REPORT

Embrace Relief is proud to announce that its International Hunger Relief: **Ramadan 2024** campaign has successfully concluded after providing food packages and meals to **68,030 people** in **19 countries**.

68,030

people received **food packages** and **meals** during Ramadan 2024

*Thank you for sharing your food
and saving lives*

7,874

food packages distributed

39,370

people received food packages

28,660

Iftar and Sahur serviced

This incredible impact represents a nearly **120% increase** in the number of people reached compared to our Ramadan 2023 campaign. This outstanding, life-changing support is possible only because of the generosity of Embrace Relief's donors, partners, and volunteers. Together, we provided thousands of families with nutritious food packages with up to **two weeks' worth of food**, in addition to **tens of thousands of iftar and suhoor meals** for our most vulnerable friends.

We reached **19 countries** during Ramadan 2024!

Hunger relief is a central aspect of Embrace Relief's mission of improving the quality of life of people enduring chronic hardships. Since 2013, we have been able to deliver food packages, hot meals, and bread to more than 4.8 million people suffering from hunger. This compassion is the driving force behind International Hunger Relief: Ramadan, one of our annual campaigns to ensure that much-needed nutritious food is distributed to those who need it most.

Embrace Relief whole-heartedly thanks our donors, partners and volunteers who have made our Ramadan 2024 campaign a success.

4.8 M

people received food packages,
hot meals and bread since 2013.
